The **MEDIA-TECH Vinyl Workgroup** is convening for the first time in Eindhoven on **June 4th** to set the industry agenda and provide a networking platform under the umbrella of the MEDIA-TECH Association along with the support of the **,'Making Vinyl' Alliance**.

Don't miss this opportunity to grab a seat at the table!

Key Objectives:

- Presenting & Supporting the Green Vinyl Project
- Celebrating Vinyl as physical media's shining star in the digital age
- Deliver need-to-know info about Vinyl manufacturing challenges, opportunities
- Provide useful state-of-the-art info for mutual interests along the Vinyl supply chain, including retailers, labels, pressing plants, consumable suppliers, packagers, musicians and online merchants
- Provide networking opportunities for these diverse groups to meet each other and forge new relationships
- The MEDIA-TECH Vinyl Workgroup website will offer members of the vinyl industry and press a single point resource for glossary of vinyl terms, and more information and education in vinyl sourcing and manufacturing.

There are numerous benefits planned to be offered by the Work Group, such as:

- Permanent technology transfer
- Know-how networking within the international vinyl record manufacturing industry
- Free publicity on the Media-Tech Association Website
- Reduced conference fees at MEDIA-TECH events and ‘Making Vinyl’ Detroit 2018
- High caliber conferences with speakers from music and vinyl industry value chain
- Market research for early access to future market trends

MEDIA-TECH Vinyl Workgroup is taking place during “The World of Physical Media Conference on Cassettes, Vinyl, CD, DVD & Blu-ray”.

The conference is being hosted by the MEDIA-TECH in partnership with the Green Vinyl Project, the MEDIA-TECH Vinyl Working Group, the Pure Audio Group, and Colonial Purchasing Europe. MEDIA-TECH Vinyl Working Group in Europe.
